

March 3, 2021

Antimony Elementary School
Community Council Meeting Agenda
Wednesday March 3, 2021
4:00 pm

Agenda:

- Computers
- Community Members
- Painting School
- Digital Citizenship

Meeting began at 4:10pm
Robin Gibbs, Sarah Oyler, and Cheryl Cox attending

Discussed with Charyl via Zoom how we could get more community members and parents more involved. Historically parents have been comfortable with the school staff making choices with spending funds.

Reached out to Bruce Williams about computers that were supposed to be purchased and he said he'd ask Slader Matthew on their status. We are not comfortable with the unknown about the whereabouts of them. SEDC will be contacted to come out and do a digital citizenship lesson with the kids.

Discussion on improving the appearance of the inside of the school. Needs to be painted, have new carpet. Staff is willing to paint if the district will not. Will reach out to the superintendent to see if that would be possible.

Meeting adjourned at 6pm
