

Antimony Elementary School  
Community Council Meeting  
March 4, 2024 at 4:00

Attending Members: Keshia Gleave, Paige Hoy, Rosonna Garvey, Brittney Montague, Janette Lee, Robin Gibbs

Absent Members: Mr. Peterson and Sarah Oyler

Agenda:

- Title I Plan
- Trustland final report for 23/24
- Begin report for 24/25

Meeting began at 4:04pm

Title I:

Members were shown the final plan and how we have planned to spend \$6,900 next year. Members were told that we may adjust the expenditures by giving all funds to a para rather than spending some of the money on reading and math materials.

Trustland:

The 2023/2024 plan was returned and needed adjustments.

- Goal #1 was amended because Mystery Science was purchased by the district. We bought Science materials with the \$600 funds.

Members were pleased with the district purchasing Mystery Science and all agreed to purchase Science materials.

- Goal #2 Should have read 5%, not 50% students growth and improvement.

Paige made the motion to correct the verbiage on goal #2. Brittney seconded it.

Trustland:

The 2024/2025

We will set our first goal the same as in previous years of improving our reading and math skills/scores by renewing our IXL license for \$600. We have applied for a grant to renew IXL. If the grant is awarded we will utilize those funds towards finding a Math conference to attend for teachers.

Discussion took place for buying PE equipment.

Members asked if Garfield Co. had finalized its calendar for next year. Mrs. Gibbs told them that she didn't think so, but would find out. We need to get the schedule so we can finalize our schedule for next year. We plan on adjusting our schedule to better match Piutes in order to benefit families.

Meeting adjourned at 4:50pm
